

Air Liquide gas solutions for windmills production

Offshore

1 Hub & 2 Nacelle

- Welding
- Cutting
- Plasma cutting
- Welding performance
- Heat treatment

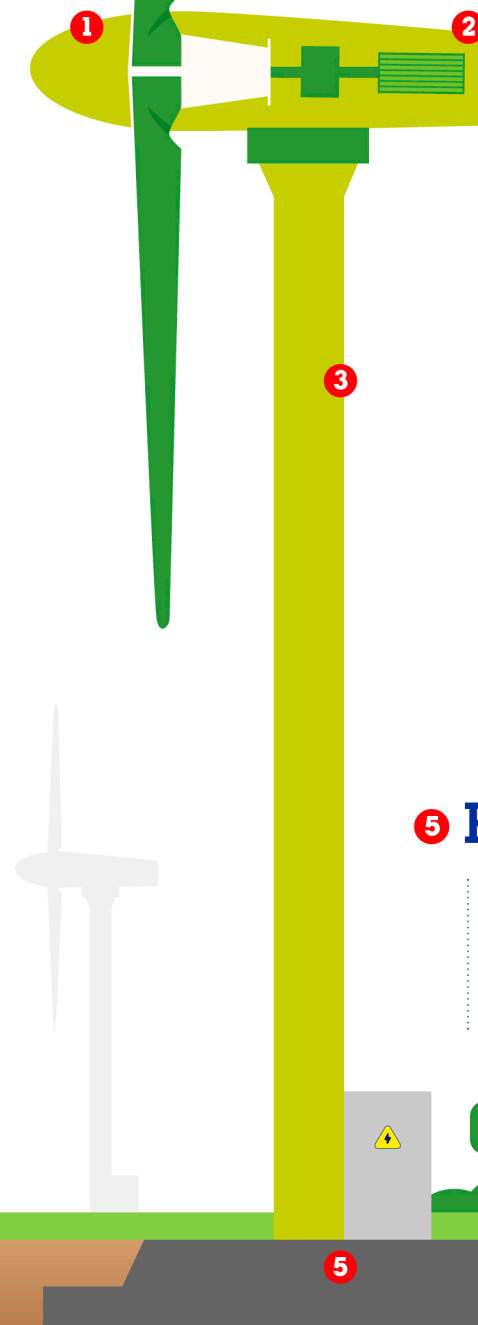

4 Transition elements

- Welding
- Cutting
- Plasma cutting
- Welding performance

6 Foundation (monopile, jacket, floating)

- Welding
- Oxycutting
- Welding performance

Onshore

3 Tower / Mast

- Welding
- Oxycutting
- Welding performance

5 Foundation

- Concrete cooling
- Ground freezing
- Wastewater treatment

Recycling

Whether for the windmills dismantling or the recycling of materials, we will work alongside you to co-develop recycling solutions.
